Dear Brenda,

A million thanks for introducing our store to your product line especially the Mega Cleanse. I am sure you will be happy to know that this product is easily our number one seller by a long shot.

The Mega Cleanse and the Mega Cleanse EX are so successful for two reasons; they are easy to explain, and they work.

I remember when you first introduced these products to the store, I was thinking, yeah, yeah, yeah, just what we need, another cleansing product to go with the thirty other ones we have on the shelves.

I am glad we gave it a chance because it has out sold all the other ones combined.

Thank you for helping us clean up Houston.
