Dear Brenda,

I wanted to say thank you for your exceptional products. I began with the Mega Cleanse last July and had great results. More energy and clearer skin. I went on a trip in September forgot my Mega Cleanse and ended up sick for a month!

Last November I purchased the Mega Cleanse, Vitamins and Nu Born Skin. I had my 13 year old son taking the Vitamins. His attitude and moods improved alot. We have since run out and his moodiness is back and he got a cold. As soon as I am able to purchase more we will be back on track to taking the product. Thank you for helping so many with their health.

Blessings,
Erica Ferguson
