Hi Brenda,

Just want to thank you for the body firmer AWESOME product !!!! no surprise all of you products are a cut above the rest. Thanks also for the free trial products all are so awesome LOVE them all!!!! the eye firming cream works automatically. My next order will include all of this. I'm working on the mega cleanse right now and starting to feel 100% better ! I have a problem with my hands freezing up into a fist when I sleep. I started on the mega cleanse and have no problem with it at this time. I have used this product before to correct this problem not really sure why it works but it does . My hand problem comes from working in a processing barn for cattle and I doctored cattle for 15 years . After I finish with the Mega cleanse I'm hoping the other products I order speed up my metabolism. I have never had a weight problem but here in the last 9 months I have had a problem with weight gain . I need a product that will help with the weight gain and speed up my metabolism drastically. I have noticed lots of people my age are having the same problem . We have worked hard and ate wrong now are bodies are paying for it need something that will counter act it all..... Thank you for your products and all that you have put into it !!!! Janice †
