Subject: Acne 911 gets results!!!!

August 9, 2010

Dear Brenda,

My 16 years old daughter loves the Acne 911. We can't thank you enough. We have tried many expensive acne products that didn't make a difference. Trying the Acne 911 had been the first time that she actually not only got results, but lasting results. My daughter's friends saw the results and are now also using the Acne 911 with great results as well.

There are no regrets with the Acne 911. It is amazing!!! This is a must have for every teenager. Say good-bye acne and hello beautiful skin.

Thanks a million,

Kelly Mock
