Subject: RE: Mega cleanse

Hi Brenda,

Thank you for the prompt shipment on my last order. I have been feeling so good and full of energy since I started taking the energy dynamics along with the Mega cleanse and the Mega cleanse EX and the Total digestion pro-biotic. Plus I started your vitamins. In the past around this time of the year I have had problems with asthma like symptoms. Inflamed airway passage, tired and no energy, lots of coughing especially at night, the symptoms were so bad as a last resort I would have to use albuterol inhaler. As a matter of fact two weeks ago I was experiencing these same symptoms. Thru prayer I believe God has directed me to your products. Because they are all natural we know He created them, however you are the vessel he chose to use to help so many people and the one He continues to bless people thru. Thank-you. I'm not sure which of the products that I am using, but the asthma like symptoms I was having two weeks ago are gone. Praise God! The inflammation in my airway passage is gone. I can breathe again and my energy level is up. I feel GREAT! I thank the Lord for you.

Now, you will be Blessed by this; I teach horseback riding lessons. This morning when some of my students came out with their moms, I showed them a copy of the testimonials that I had picked up at the health food store. I was telling them about mega cleanse and some of the other products I was using from body dynamics and how great I was feeling. One of the moms looked at the testimonials and she said "I think I've heard of this." She looked at your name and she said "yeah, I was at the abundant life health food store and there was a young girl there that was selling this or talking about it, I remember commenting on how beautiful her skin was." I left and went to the house and got the article you sent me with your picture. When I showed it to my friend she said yes that's the girl that I saw. I told her, that I thought you were in your late fifties. Only because I remember you had teenage children twenty years ago when I took aerobics with you in Farmers branch. Needless to say all the moms were in awe of how great you look. And everyone asked me for your website name! Praise the Lord I believe you will get some more new customers! How old are you in that picture? You look like you are in your late twenties! What a testimony you are to your own product!

Anyway, thank you again for being such a blessing to so many. I am going to try your sunscreen next time I order since most of my time is spent outdoors with the horses.

God Bless you,
Melody

P.S. I am believing it is ok to take all these products together.
