Dear Brenda,

I had to write and let you know that your Repair Revolution product is awesome and a miracle to me! When I had a bad fall on my bicycle my face hit the concrete and I had two large gashes, one above my eyebrow & the other on the side of my face. I thought my face was ruined and my scars would never go away. I started using the Repair Revolution on my scars twice a day. I am amazed at how this product has completely healed my scars and there are no signs I ever had them.

I recently was at my friend's house when her dog jumped up to see me and his two front teeth hit the bridge of my nose. I started putting the Repair Revolution on them and they are completely gone now! I think this product should be called the "Miracle Repair Revolution" and I will always highly recommend this product to everyone.

I also use your cleanser, toner, eye firmer, hydrating nourisher, microdermabrasion & the body firmer lotion (I love the smell and feel of it). I get compliments all the time on how pretty my complexion is and I tell them about your products and where they can purchase them at.

It's been such a pleasure to meet you and to use your products!! I truly believe in them and will never change products again! I have both my daughters using them now and they have noticed a big difference in their complexion as well.

Thank you Brenda and I look forward to any new products you come out with.

Sincerely,

Tamra Kelley
