Dear Brenda,

Sorry it took so long but you asked me to put this in writing and here goes.

Over the last 1 and 1/2 years I have been using several of the Body Dynamics products. My favorite is the Mega Wellness Cleanse.

I did weigh 210 lbs. one year ago. I am down to 147 lbs. and extremely happy. All because of taking the Mega Cleanse.

There was no special dieting or going to the gym or anything. I ate my normal food like I always did. I am a pastaholic and love brownies and chips etc.

So many of my customers here at the copy center comment on my weight loss and what am I doing to get that way. I tell them Mega Cleanse!

In fact, I gave some to my son to take about a year ago. He has lost a total of 87 lbs. Since he has a bad knee (due to a football injury) It will have to be replaced , his doctors were thrilled with his weight loss so he can have the needed surgery sooner.

I can't say enough about the Mega Cleanse, I tell all who ask that they need to get some.

"WAY TO GO MEGA CLEANSE"
