Brenda,

I just got my package in the mail. Thank you so much for the gift!! How great! I am such a fan of your products. I am thinking about visiting my local health food store here in Macon and telling them about your company. I think I will after the holidays. I have used your products longer than any other and am so pleased with them. I cannot wait to use the body firmer!!

Thank you again for your generosity.

Merry Christmas to you!!
