Dear Brenda,

I wanted to let you know that I absolutely love your products.

I have been using Joint renewal for about 2 years now. The reason I started taking them is because I had leg vein removal treatments that caused my opposite leg to develop arthritis, swelling, & lots of pain from over working it.

I did some research on the internet & found this product called Joint renewal. OMGOSH! It was an answer to prayer.

I went to Cox Market and bought it.

I love it . It took only 1 week to start working .I have not had any side effects at all, and both knees are strong & well now.

Thank you Brenda, for your wonderful (BODY DYNAMICS) products!

I am going to try other products from This Co. & share my results & good reports.

God bless,

Amelia
