Hi Brenda,

It was nice visiting with you on the phone today.

I can not thank you enough for your Skin Drink product. I use the Body Firmer daily. My skin was so dry that I would scratch until I would bleed. Went to the doctor monthly for six months and nothing seemed to help. Read about your product on-line and ordered it. The first day I used it I had no more skin irritation or itching. What a relief to know that I do not have to keep searching for a product and have the answer to my irritated skin.

I have purchased several of your Skin Drinks for my friends and family.

Thank you again and again!!

Carla
