Subject: Nutritional Support

Hi Brenda,

I have been meaning to tell you and everyone that uses your wonderful products about my experience with "Raw Mega Nutritional Vitamin System". Last Christmas I was traveling to visit my Son and grandkids. Well, they all came down with Bronchitis! I postponed my trip for a week hoping they would not be contagious. When I arrived my Daughter-in-Law was still very sick and still had fever. I just knew I was doomed which is very bad for me because of my Auto-immune disease including Lupus.

I usually get sick from the Flight alone but this was the first year I did not get sick!! The only thing I can attribute this miracle to is "the Vitamin"!! I was very diligent in taking it everyday, morning and night, and I haven't stopped since. I have been much healthier with no illnesses what-so-ever. I am so impressed that I am going to tell my Rheumatologist to recommend it to her patients that take immunosuppressants, like myself, that really mess with your immune system. I want to Thank You so very much for the best food based Vitamin System ever!!! It totally made my winter much more enjoyable -

Sincerely,
Melanie Martin
