Brenda,

I just wanted to send a Thank you to you. I use to attend the Farmers Branch location for workouts with you. A friend and teacher of mine at our nutrition class recommended your product and of course I recognized it and started back with it immediatly. I have what I call a sluggish bowel things have gotten better so I decided to order the mega extra to help clean my system even more. What a small world! Have a great holiday. You and your husband have a great website too.

Having great results,  
April Epps
