Dear Brenda,

I just wanted to tell you how wonderful I feel since taking your Joint Renewal and the Mega Nutritional Vitamins. I had an 8-9 mm-herniated disc in my neck and taking physical therapy three times a week. I stated taking the Joint Renewal and I can't be without it. I have no more pain in my neck. I have at time let myself run out of the Joint Renewal and I can sure tell that I haven't taken it. Growing older doesn't have to mean you have to suffer with arthritis pain, not when you have this wonderful product.

Since taking your Joint Renewal and Mega Nutritional Vitamins I can go on with life with out the pain of post neck injury and arthritis pain and not slow down for joint pain. As a nurse I know the need for these wonderful products to maintain healthy joints. No one should have to slow down for joint pain or for any type of joint injury when there is your Joint Renewal product. I would like to SHOUT it from the mountains tops "NO MORE PAIN.

Thank you for your help and support
