Subject: Re: BODY DYNAMICS ORDER

Brenda, I used to buy Mega Cleanse at a local nutrition store however when the owner sold the store several months ago the new owners no longer carried your products!!! I have been off Mega Cleanse since then and can honestly say my system has been out sorts ever since. I was so frustated with the decline in my physical condition that I sought out your product on my own! I am thrilled to find that I can purchase myself rather than going through a distributor.....

I can't wait to get back on track and reap all the benefits this fantastic product offers. Additionally, I look forward to trying the samples you sent as I'm 46 with problematic skin. Could be my 8 year old twins LOL or just normal stress and metobolic/hormonal changes. Either way thank you for the samples.
