Hi Brenda,

I have a girlfriend that let me try your probiotics & megacleanse on Sunday. They are the only thing that has helped my stomach pain. I have had a colonoscopy, endoscopy, pill cam, sonogram etc. The Drs. cannot figure out what is the cause of my pain(I have suffered for a year-getting worse each month). So believe me, I was beyond thrilled to find relief in these two products!

Thank you for sending them out right away & signing me up for all the goodies :) . It means alot to me.

Have a wonderful day!

Best,
Starr Napear
