Hi Brenda ,

I'm Susie Solomon , I was one of the front desk receptionists (Near the Presbyterian Hosp Dallas location) for an office that dealt with everything beauty and health . Total Med Solutions.

George ? and his wife were owners . I used to call it "the Botox capital of Texas "... your products were sold there and I adored you and tried to encourage people to buy them . You always looked so beautiful!!

....as THEY WORK !!

Anyway , we moved to Austin almost 5 years ago. I purchased a bunch of your products to bring to Austin with me

I suffer from lifelong chronic constipation . Your supplements were like magic . After running out after the first year, I piddled with other so called remedies. Nothing else worked like Mega Wellness Cleanse and Mega Cleanse Extra.
I want to get on a set regimen and just continue without stopping .

Where can I get these fabulous products in Austin?

I'm very excited for you and your successful

business . I'm anxious to hear back from

you .

Enjoy your weekend
Susie Solomon
